Open Access Policy

This journal provides open access to all its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. Such access is associated with increased readership and increased citation of an author's work. For more information on this approach, see the Public Knowledge Project, which has designed this system to improve the scholarly and public quality of research.

Archiving

This journal utilizes the LOCKSS system to create a distributed archiving system among participating libraries and permits those libraries to create permanent archives of the journal for purposes of preservation and restoration.

Publication Frequency

There will be three issues of IJEDICT per year, plus occasional special issues.

Publication Classification Details

Key title: International journal of education and development using information and communication technology

Abbreviated key title: Int. j. educ. dev. using inf. commun. technol.

ISSN: 1814-0556
